Overview of Exercise of Voting Rights

Our overview of against votes on management proposals and the backgrounds are as follows.

- We voted against the case where the total shareholders' return was remarkably low, considering the situation of capital accumulation and business strategy.
- As to Election of directors, we voted against the following cases;
 - the number of independent outside directors was not enough.
 - > the directors are regarded to be in charge of incidents, which had an impact on corporate value.
- As to Election of outside directors, the independence of the nominee of outside directors and outside auditor from the company was not enough.
- We voted against the retirement bonus payment, in cases where the amount of the

^{(※3)···}Includes share buybacks, decline in legal reserves, third party allotment, capital reduction, reverse equity splits, etc.

- payment was not disclosed, and cases where the plan included the auditors in recipient.
- As to the directors' bonuses and remuneration, we voted against the stock option plan, in case conditions and recipients of the plan did not meet our guideline based on the long-term sustainability of corporate value enhancement.
- We voted against the amendment to Articles of Incorporation, in case we were concerned about the potential negative impact on the long-term sustainability of corporate value enhancement.
- We voted against the takeover defense plan, since we judged that it could have negative impact on the long-term sustainability of corporate value enhancement or hinder the rights of shareholders.

As to the shareholders proposal, we voted for one proposal and against 6 proposals. We made decision basically in accordance with the guidelines along with the management proposals, considering potential impact on the long-term sustainability of corporate value enhancement.
