Daniel Tsai, CFA<sup>®</sup>

---

Daniel Tsai is a Senior Portfolio Manager with the Invesco Quantitative Strategies team.

Prior to joining Invesco in 2000, Mr. Tsai worked for Ford Motor Co., which he joined in 1993 as a senior software developer and project leader. His group was responsible for developing in-house software tools for vehicle durability engineering analyses. Previously, he was a project manager/system manager from 1990 to 1993 at Optimal CAE Inc., a consulting firm serving the automotive industry.

Mr. Tsai earned a BS degree in mechanical engineering from National Taiwan University and an MS degree in mechanical engineering from the University of Michigan. He also earned an MS degree in computer science at Wayne State University. Mr. Tsai is a Chartered Financial Analyst<sup>®</sup> (CFA) charterholder.
